15 July 2009 --- I got back from Estes Park.

7,689 motorists were killed in January through March this year... CIA knows how many burned to death in gasoline's fiery wrecks as this is Top Secret statistics in a gov. that suppresses the ElectricWindmillCar Era from 1980 - 2009.

100 kids will die in hot cars in the summer of 2009

Albert Einstein would have Kennedy-Obama-Clintons arrested for genocide! Just for this one tragic genocide of leaving 100 kids to die in hot cars in the summer of 2009!

Cardiac arrest refers to a sudden, profound disturbance in the heart's rhythm. Cardiac arrest is not the same as a heart attack. 85% die being treated for CA with no one reinventing anything! 85% of 300k die at the hands of MD's working in vain. Drink Coors and don't Hike... and you will die!

15 July 2009 --- I got back from Estes Park.

Lost 3,500 calories maybe more I hiked from Bear Lake to Granite Falls 9.5 miles then back to Bear Lake as I left my Igloo cooler I could not carry it. The ice cold water and ice coffee were great

after hiking back 9.5 miles 19 miles then I hiked back to Granite Falls where my tent is 9.5 miles. 28.5 miles now This round trip I left at 6 am got back to tent at 7 pm. Next I packed for the hike back to Bear Lake another 9.5 miles = 38 miles TOTAL. I then walked Elkhorn Ave in Estes for the next 2 nights 3 days walking to the Stanley Hotel, Safeway, Riverside Drive, Tramway, and the Estes Power Plant that used water and has 5 huge 5 story generators... no more daily tours because of 9-11 of course. I got a few good picture's of the Stanley Steamer. All my new pictures of the hike and Stanley Hotel and Elkhorn Lodge and McDonalds Book Store were it all started in 1975 with Paula the owner putting my HB card in her Book Store window, {take a look at the books Paula put in her window today} they are in the PHOTO directory link below scroll down to Estes this is where all the new pictures start. I will set up my 1,001 Inventions Projects research center on a Island off Key West as I want to be the one who cures cancer with a Rx Penicillin reinvented and get total recall for 5 billion people. And figure out how gravity is generated. End War on Earth via Aliens. To many "Niger Observers" in Colorado to get any inventions let alone these Nobel Prize inventions as I have to work at it... Bill Gates would never think inventors have to work. They can work finding the MENUS in WORD this is probably fun for Bill Gates as he has already made it big. As for the 1 billion aspiring inventors we need MENUS in our OSI

15 July 2009 --- I got back from Estes Park.

Federal Driver's License with reinvented GPS wifi technology!

Motor vehicle deaths happen like a constant drumbeat every day of the year.

Breast Cancer deaths happen at 100 a day a constant drumbeat every day of the year.

If 100 Marines a day were dying in Afghan or Iraq the public would demand action.

Imagine if more than 100 people were dying in a plane crash every day. The country's air fleet would be grounded and the media and the public would be demanding that something be done.

Albert Einstein would have Michael Sivak arrested for genocide!

Michael Sivak at the University of Michigan Transportation Safety Institute in Ann Arbor knows 100 people a day burn in fiery wrecks and can not mention gasoline and the suppression of the ElectricWindmillcar.

Albert Einstein would have Dr. Furie arrested for genocide!

Dr. Furie, He is professor of clinical medicine at Albert Einstein College of Medicine and associate professor of medicine at New York University School of Medicine. He knows about the suppression of the ElectricWindmillCar and knows the statistics of burn patients from fiery wrecks.

Albert Einstein would have Dr. Furie arrested for genocide!

15 July 2009 --- I got back from Estes Park.

Albert Einstein would have everyone at Albert Einstein College of Medicine arrested for Genocides, Oil, Medical Mistakes by MD's who did not pass the test because Kennedy and Clinton wanted Black MD's, this is a genocide. Kids left in hot cars in the summer of 2009... yes it gets this hot even in NYC. Genocide Trial held at Albert Einstein College of Medicine will be hotter news than Israel Marines exposing War Crimes in Gaza! White Fire Fighters watch a mock Supreme court hearing, how many Genocides can Albert Einstein keep track of? Trump sued asking for \$5 billion the Judge through it out... Even Trump can be arrested for not preventing 9-11 by exposing the suppression of the ElectricWindmillCar! AirForce fleet of C5A cargo planes to fight forest fires lost out to Boeing CEO who wants a fleet of C5A planes for refueling fighter jets in an Era that should be for the ElectricWindmillCar! Bill Gates is the worst of the worst Orwellian Genocide criminals, yes even worst than those in NYC at the New York Times who could have prevented 9-11 because Bill Gates is going to hide the "MENUS" in WORD 2010 -- Bill Gates does not care about the 100 kids who will die in hot cars, the 100 women who will die from breast cancer the 100 burned in fiery wrecks in LA Freeways today. Bill Gates is light years from the 100 inventors looking at the WaterWheel on vacation in Estes Park thinking how Quarks, Mesons, could be moved by Gluon into generating Gravity. Memory invention is not even in Bill Gates MENUS - Bill Gates is out to suppress all MENUS no matter how many people want MENUS for to be A Inventor. I will give everyone wanting to work on 1,001 Invention Projects a Operating System better than Win 7. In Reality Clintons a Husband and Wife are probably the worst Orwellian Genocide Mass Murderers in our ElectricWindmillCar Era that has been suppressed since the invention of the ElectricWindmillCar in 1980! Even though Carter-Kennedy master minded the suppression! WHO at the UN sold out 5 billion people, let them drink dirty water, get sick as Hell and die. Because WHO MD's wanted to keep their \$\$\$\$\$\$ six figure incomes at the UN even though they know the electrolysis accessory in your ElectricWindmillCar would give 5 billion people H and O and free clean drinking water. Sick this Orwellian Society is Sick. Even NASA is suppressing a reinvented Shuttle that will never be hit by ice blasting off to Alpha Centauri 4.3 Light Years down range. Moon is fine for Generals who don't dance to the Universe and sing out Windmills.... like Sandra Bullock does in her movie the Proposal. I hope Sony puts her and the other beautiful women in Inspire... as she could inspire men to travel into the Universe and End War on Earth!
